

Appln. No. 10/817,301  
Amdt. Dated Dec. 15, 2004  
Reply to Office Action of Sep. 15, 2004

**Amendments to the Claims:**

The listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

Claim 1 (currently amended): An apparatus, comprising:

a material having a first side and a second side, the first side including a growth chart, the growth chart having a sufficient height to periodically measure and record the growth of a person; and

the second side being configurable to be an interactive calendar ~~and/or~~ an event count-down chart.

Claim 2 (currently amended): The apparatus of claim 1, wherein the material comprises is selected from the group comprising one of the following ~~materials~~: fabric, cardboard, plastic, posterboard, metal and wood.

Claim 3 (original): The apparatus of claim 1, further comprising a hanging unit, coupled to the material, configured to reversibly hang the material on a surface such that either the first side or the second side of the material is visible while the material is hanging on the surface.

Claim 4 (currently amended): The apparatus of claim 3, wherein the hanging unit is selected from the group comprising ~~one of the following~~: a dowel, hooks, fabric loops, a ribbon, or string.

Claim 5 (original): The apparatus of claim 1, wherein the material has a length of seven feet long or less.

Appln. No. 10/817,301  
Amdt. Dated Dec. 15, 2004  
Reply to Office Action of Sep. 15, 2004

Claim 6 (currently amended): The apparatus of claim 1, wherein the growth chart ~~included~~ on the first side of the material includes a measuring tape that runs the substantial length of the material.

Claim 7 (currently amended): The apparatus of claim 6, wherein the growth chart ~~included~~ on the first side of the material includes a marking surface adjacent the measuring tape for marking the height of a child on the growth chart.

Claim 8 (currently amended): The apparatus of claim 6, wherein the growth chart ~~included~~ on the first side of the material includes foot numerals indicating the foot markers on the measuring tape.

Claim 9 (currently amended): The apparatus of claim 6, wherein the growth chart ~~included~~ on the first side of the material includes one or more pockets configured to store heading and pocket cards.

Claim 10 (currently amended): The apparatus of claim 8 2, wherein the one or more eard pockets ~~comprises one of the following~~ is selected from the group consisting of: pockets made of felt, clear plastic or any other material, and sewn, glued or attached with Velcro VELCRO®.

Claim 11 (currently amended): The apparatus of claim 6, wherein the growth chart ~~included~~ on the first side of the material includes a pocket configured to hold a marking pen for marking the material.

Claim 12 (original): The apparatus of claim 1, wherein the interactive calendar on the second side of the material includes a first plurality of pockets, each of the first plurality of pockets labeled with a number.

Reply to Office Action of Sep. 15, 2004

Claim 25 (currently amended): The method of claim 24, further comprising attaching the tape measure to the first side of the material by using one of the following group of attachment mechanisms: sewing, Velcro~~®~~VELCRO®, gluing, printing, or painting.

Claim 26 (original): The method of claim 24, further comprising forming a marking surface adjacent the tape measure to mark the height of a child on the first surface.

Claim 27 (original): The method of claim 24, further comprising forming a number of foot-markers on the first surface.

Claim 28 (original): The method of claim 24, further comprising forming one or more pockets on the first surface.

Claim 29 (original): The method of claim 24, further comprising forming a holder to hold a header card.

Claim 30 (original): The method of claim 29, wherein the header card is used to designate a month of the year.

Claim 31 (original): The method of claim 29, wherein the header card is used to designate an event.

Claim 32 (original): The method of claim 24, further comprising forming a plurality of sequentially numbered pockets on the second surface, wherein the sequentially numbered pockets are used to designate the day of a month when the second side is configured as a calendar.

Appln. No. 10/817,301  
Amdt. Dated Dec. 15, 2004  
Reply to Office Action of Sep. 15, 2004

Claim 33 (original): The method of claim 24, further comprising forming a plurality of sequentially numbered pockets on the second surface, wherein the sequentially numbered pockets are used to count-down the days to a designated event when the second side is configured as the count-down chart.

Claim 34 (currently amended): The method of claim 24, further comprising the formation of a plurality of cards, each of the cards being indicative of, but not limited to, the following group: a "Today Is", birthday, New Year's, Valentine's day, Saint Patrick's day, Easter, Passover, President's day, Memorial day, the Fourth of July, Labor day, Columbus day, Halloween, Thanksgiving, Christmas, Hanukkah, vacation, school's out, school starts, ~~or any other~~ a holiday or special occasion pre-designated event.

Claim 35 (currently amended): The method of claim 34, wherein the plurality of cards are made from one of the following group: laminated cards, plastic, wood, posterboard, or metal.

Claim 36 (currently amended): The method of claim 24, wherein the material is made of one of the following group: fabric, cardboard, plastic, or wood.

Claim 37 (original): The method of claim 24, further comprising forming a hanging device, attached to the material, for hanging the material on a surface such that either the first side or the second side of the material is exposed.
